

Clapham Park Homes

Architect: BPTW Partnership
Product: Eco Line Sliding Shutters & 150CF aerofoil fin

CASE STUDY

This £16 million partnership scheme for Clapham Park Homes is situated on the site of the old Arkwright House, which was demolished in 2008. A mixed use development, the scheme comprises residential units and includes new homes for local residents, ground floor commercial space, an undercroft car park and landscaped courtyard.

Contrasol designed & installed bays of our 40/40 Eco Line Sliding Shutters as well as a continuous line of contrafin Brise Soleil.

Working together, both systems provide thermal comfort and privacy.
